

Press Release 2010-11-29

PLANTSOFT Co. Ltd. introduced as ROHR2 Sales Partner in China

Unna, Germany, November 2010

PLANTSOFT Co. Ltd., Beijing, is introduced as business partner of SIGMA GmbH, Germany for the sales and support of the CAE products ROHR2 and SINETZ in China.

PLANTSOFT is well known as a specialist engineering & technology services company, focused on enhancing their client's product / project engineering efficiency and providing services for CAD / CAM / CAE products. PLANTSOFT offers training on the products as well as product support covered by expert staff.

In Oct 2010 the technical director of PLANTSOFT visited SIGMA in Germany for finalizing the partnership contracts and meetings with some of the pipe stress experts. SIGMA selected PLANTSOFT as a strong partner in China to increase its position in the Chinese engineering software market for its products ROHR2 and SINETZ.

The cooperation with SIGMA and PLANTSOFT Co. Ltd. is basing on the long experience in distributing engineering software in China. Along with its experiences in the Chinese market PLANTSOFT is the perfect partner for SIGMA in this area.

About: ROHR2 and SINETZ

ROHR2 is the leading European Software for Pipe Stress Analysis, a standard tool for pipe static and structural framework analysis, covering a variety of specifications like ASME, ANSI, KTA, EN 13480, STOOMWEZEN D1101, BS 7159 and ISO 14692.

The software is equipped by a range of additional features enhancing the engineer's daily job, as there are FEM analysis (ROHR2fes), isometric capabilities (ROHR2iso) and a wide range of interfaces covering the leading CAD/CAE systems.

SINETZ is the design solution for Steady State Calculation of Flow Distribution, Pressure Drop and Heat Loss in Branched and Intermeshed Piping Networks for compressible and incompressible media.

About: Plantsoft

Plantsoft, founded in 2002 in Beijing China, is a service company that focuses on the software sales, on-line training, system integration and software development, consultant, detailed design for the project field. It has a team with years of experience and enjoys a great reputation among users in China's oil & gas, chemical, construction, electrical power, environmental protection and paper making sectors.

About: SIGMA

SIGMA, established in 1989 in Dortmund, Germany has emerged as a partner of choice for leading international companies with its software and the wide variety of Engineering Services.

SIGMA is known as one of the leading engineering specialists in the Pipe Stress Business in Europe, offering field tested products, strongly adapted to the users needs.
